## STERILIZING TUNNEL

In an attempt to contain the spread of the deadly corona virus, AKKA METALLIC INDUSTRIES in Sharjah , U.A.E designed and manufactured an anti-virus disinfected tunnel which adds value to our government efforts to prevent further outspread of COVID-19.

Disinfected tunnel, is basically a small covered corridor it will be installed at main entrance of malls, supermarkets, vegetable/meat markets, offices, police station, schools, banks, ministries, airports, mosques, accommodation, hotels, labor camps, site offices, construction area entrances and other public places with huge points of crowding.
